

Our Journey

Hrysek Farms was founded at the base of Big Pocono State Park by two partners and their fluffy dog. When we set out to create coffee for your mug it was important to work with reputable coffee farmers from around the globe to bring you high-quality coffee delivered at the peak of freshness. We also use environmentally friendly packaging to ensure nothing is left behind after that last delicious sip but a smile on your face and a lasting feeling of joy.

Coffee on a Mission

We are on a mission to create moments of joy with each sip. Every time our coffee hits your mug we want to give you a chance to smile. From roasting to brewing, we focus on the freshness of our beans, what is being left behind, and the impact on our customers and our local community.

Papua New Guinea-Medium Roast

A unique origin in the South Pacific, grown in the highlands region at 4265ft. Our Papua New Guinea offers a creamy flavor that is spiced with notes of dark chocolate and dried fruit.

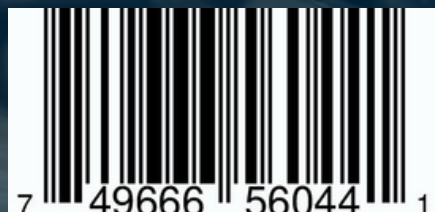

Ethiopia-Light Roast

Ethiopia is the birthplace of coffee and these beans are grown in the region of Luimu at 6069ft. An award-winning bean that is juicy in all the best ways, with notes of berry and exotic fruits.

Colombia- Medium & Dark Roast

Columbia is one of the world's most recognizable origins in the world when it comes to coffee. These beans are sourced from a farm in the region of Pereira and are grown at an elevation of 4265ft. Our medium roast offers a lush flavor full of caramel and stone fruit. By further extending the roast, notes of brown sugar come forward, offering a bold dark roast.
